

GARAGE À LA CARTE | HOMEPAGE

A smarter way to transform your garage — without expanding your home.
Blending American precision with European space-saving, creative design.

HERO :

Transform Your Garage Into a Space That Works for Your Life

We don't just organize garages — we redesign how your space works for you.

Design. Prepare. Transform — à la carte.

Sub:

Custom garage design and transformation services for homeowners, real estate professionals, and developers.

Subheadline:

One Garage. Endless Possibilities.

Your garage doesn't have to stay cluttered, unfinished, or underused.

Turn an underused space into something functional, stylish, and valuable — from workshop to lounge, storage to lifestyle.

SECTION 4 — WHY GARAGE À LA CARTE

A Smarter Way to Upgrade Your Garage

Most companies offer one fixed solution.

We don't.

With Garage à la Carte, you choose how far you want to go — from design only to full transformation.

Your space. Your pace. Your level of support.

Section 4B — WHO WE ARE

Built by Experts. Designed Around You.

Garage à la Carte is not a generic service — it's a collaboration of specialists who turn ideas into real, functional spaces.

Guillaume — Field & Execution Lead

Based in Orlando, Guillaume brings real-world construction experience and ensures every project is grounded, feasible, and built right.

Aymeric — Technical Design & Planning

Specialized in European space efficiency, custom layouts, and 3D planning, Aymeric transforms ideas into precise, build-ready designs.

Juliette — Visual Design & Atmosphere

Juliette combines American precision with European creativity and space-saving design, turning your ideas into immersive visuals—so you can see your future space before it's built.

Together, we design, plan, and build your garage for real-world results.

SECTION 5 — WHO WE HELP

Built for Homes, Properties, and Real Estate Value

Homeowners

Create a garage that fits your lifestyle and daily needs.

Real Estate Agents

Help buyers and sellers see the hidden potential of a garage.

Developers & Property Professionals

Add functional, attractive value to residential properties.

SECTION 6 — PROCESS

How It Works

1. Tell us your vision

We learn about your garage, needs, style, and goals.

2. Choose your service level

Design only - Design + delivery - Full transformation, or smart integration.

Upgrade instantly whenever inspiration strikes or as your needs evolve.

3. Plan before spending

We define layout, visuals, materials, and execution steps.

4. Bring it to life

You build it yourself, request support, or let us manage the full transformation.

SECTION 7 — TRUST / PROFESSIONALISM

Designed With Precision. Built With Care.

Garage à la Carte combines field experience, technical planning, visual design, and practical execution.

Our goal is simple: help you avoid costly mistakes and create a garage that is beautiful, useful, and built around real life.
